

Trump Supporter Pledge

President Trump, I know that behind you, will come others.

As a Trump Supporter I Pledge:

- I will stay the course to help America going forward.
- I will seek to work together with other freedom loving individuals, groups and parties for the greater good, being mindful to encourage the little guys along the way.
- I will not be bullied into silence. I will be a speaker, sharer and defender of the truth, provable by facts, a promoter of peace, justice and righteousness.
- I will take the little time required to re-read our three timeless documents that have served as the glue holding this country together, the United States Constitution, the Declaration of Independence and the Bill of Rights.
- I will remember our Local Candidates who need us to pay attention and vote yearly.
- I will pray I learn the little things needed to make all the difference for my family and neighbors in my community.
- And yes! I promise, I will show up to vote.
